

Barcode Test Sheet

If you do not know which type of bar code you need, please print this file.

Do not resize or scale it – and scan it with your bar code scanner.

Typically the Code 39 or 128 work with most systems.

CODE 39

CODE 128

UPC - A

EAN-13

QR CODE

*This sheet contains the most commonly used barcodes. If what you are looking for is not displayed on this sheet, please do not hesitate to call and speak to one of our barcode experts.
